BARASTOC

NATURAL FEEDS

GRAINS & GREENS

NEW

COMPLETE & BALANCED
GRAIN, SEED & LUCERNE MIX

LAYER BIRD · POINT OF LAY

WHAT WILL IT PROVIDE MY CHICKEN?

A nutritious, complete and balanced high protein diet to support hen health and egg production from point of lay onwards.

A blend of natural whole and cracked grains, seeds and cut lucerne to encourage your birds natural foraging behaviour.

Fortified with bio-available calcium and phosphorus to provide the building blocks for stronger eggshells.

EXPECTED ADULT DAILY FEED INTAKE

130g per bird per day.

FEEDING GUIDE

Ensure birds have continuous access to feed – do not restrict consumption.

Self feeders designed for poultry are a good way to ensure feed is continuously available.

Ensure birds have access to clean, fresh water at all times.

Ensure Grains & Greens Complete and Balanced feed makes up the majority of the birds daily feed to ensure a balanced diet. Other feeds such as green scraps, pasture and hay may be fed, but only in small amounts.

This feed has been formulated specifically for animals as described on the package, or the label attached to the package, and must not be used for other species of animals.
