POLE-AXE™

SHEEP DRENCH

Active Constituent: 800 g/kg NAPHTHALOPHOS
(An anticholinesterase compound)

For the control of organophosphate susceptible strains of gastrointestinal mature and immature roundworms in sheep and lambs.

1.5kg NET
Contents when packed

10 L
Contents when reconstituted

1.5 KG
10 L WHEN RECONSTITUTED

Active Constituent: 800 g/kg NAPHTHALOPHOS
(an anticholinesterase compound)

POLE-AXE™ is a naphthalophos based organophosphate for the treatment of organophosphate susceptible internal worms in sheep.

As it has a different mode of action, POLE AXE is for use in a drench rotation program where resistance exists to the other major sheep drench families. Alternatively it may be mixed with other benzimidazole or levamisole based drenches under veterinary advice.

It is effective against organophosphate susceptible strains of mature and immature stages of Barber's Pole worm (*Haemonchus contortus*), Stomach Hair worm (*Trichostrongylus axei*), Black Scour worm (*Trichostrongylus spp.*), Small Brown Stomach worm (*Ostertagia spp.*), and mature stages of Thin Necked Intestinal worm (*Nematodirus spp.*) in sheep and lambs.

POLE-AXE™ mixes readily with all types of water. Its high suspensibility ensures a consistent uniform suspension during drenching. If product is left standing, shake well before using. Follow mixing instructions on the label to ensure complete mixing.

Note that this product is very toxic and so extreme care must be taken by the user to closely follow the label instructions when mixing, dosing and disposing of waste.

Withholding periods: MEAT: 7 days. MILK: Do not use.

Applicator: iO 30ml Variable Applicator - Drench Nozzle OR iO 20ml Metal Drencher

Storage: Store below 30°C (room temperature) in original, tightly closed container, in a safe place.

Dosage and Administration:

| Bodyweight (kg) | Dose (mL) | No. of Sheep Treated | |
|-----------------|-----------|----------------------|--------|
| | | 750 g | 1.5 kg |
| 6 – 7.5 | 2 | 2500 | 5000 |
| 7.6 – 9 | 2.5 | 2000 | 4000 |
| 9.1 – 12 | 3 | 1666 | 3333 |
| 12.1 – 16 | 4 | 1250 | 2500 |
| 16.1 – 20 | 5 | 1000 | 2000 |
| 20.1 – 28 | 6.5 | 769 | 1538 |
| 28.1 – 40 | 9 | 555 | 1111 |
| 40.1 – 52 | 13 | 384 | 769 |
| 52.1 – 68 | 17 | 294 | 588 |
| 68.1 – 90 | 22 | 227 | 454 |
